SIXTY SIXTH ANNUAL DINNER

The biggest event in the guild's yearly calendar,
and here's why...

If you ask any leading figures in the pipeline industry to name the one must-attend networking event in the calendar, the answer is simple, The Pipeline Industries Guild's Annual Dinner.

In its 66th year, this leading event simply packs more people of influence into one room than any other. It's your opportunity to eat, drink and celebrate the industry with energy, utility and infrastructure professionals. And you, your clients and colleagues can do all that in the magnificent surroundings of the Great Room at the Grosvenor House Hotel, London.

The Guild welcomes bookings for full tables, half tables and individual places. Smaller parties and individual bookings will be asked to share tables, as this will enhance networking and socialising.

**Doors open 6.30pm | Dinner starts at 7.30pm | Dinner formally concludes 11.00pm |
Networking Opportunities until 2am**

THANK YOU TO OUR ANNUAL DINNER SPONSORS

GUEST SPEAKER

Romesh Ranganathan

Multi award-winning comedian Romesh Ranganathan is best known for fronting such series' as *The Misadventures of Romesh Ranganathan*, *The Ranganation*, *Rob & Romesh Vs*, *A League of Their Own*, *Asian Provocateur*, and as the new presenter of BBC One's *Weakest Link*. Host of his own BBC Sounds and Radio 2 show *For The Love of Hip Hop*, Romesh also co-hosts hit podcast *Wolf and Owl* with comedy mate Tom Davis.

A Sunday Times Bestseller with his autobiography *Straight Outta Crawley: Memoirs of a Distinctly Average Human Being*, Romesh had his second book, *As Good As It Gets: Life Lessons from a Reluctant Adult*, published worldwide in October 2020.

Romesh's last tour, *The Cynic's Mixtape*, sold out across the UK – including fourteen nights at London's Eventim Apollo – culminating in a taping at his hometown venue *The Hawth* in Crawley, which was released as a special on Netflix.

Romesh embarked on his career in America in 2018 with the launch of *Just Another Immigrant* on Showtime, and he has also appeared twice on James Corden's *Late Late Show*, as well as *The Late Show* with Stephen Colbert. In 2023 he returned stateside with a sold-out show at the iconic New York Town Hall.

Romesh made his return to acting, writing, and starring in two new sitcoms produced with his own production company, *Ranga Bee*. *Avoidance* for BBC One and *Romantic Getaway* for Sky Max.

CHARITY

Wellbeing of Women is the women's health charity, saving and changing the lives of women, girls and babies.

From period problems to menopause and fertility to miscarriage, many gynaecological health issues are still shrouded in stigma. Women feel dismissed, unable to talk about their health concerns and often live in pain and discomfort as a result.

Our ambition is to ensure that women's lives are not limited by their gynaecological and reproductive health.

We do this by investing in world class research, championing education, tackling taboos, influencing guidelines, policy and practice, and supporting women to advocate for themselves.

Since 1964, Wellbeing of Women has invested more than £66 million in research to transform women's health and wellbeing. Many of the tests, treatments and cures we take for granted today started with research that we funded, including the use of ultrasound scanning in pregnancy, the importance of taking folic acid in pregnancy, and the HPV vaccine.

But women's health is still woefully underfunded and under prioritised. We urgently need to invest in groundbreaking research, give women vital health information, and campaign to change the future of women's health.

Thank you for your support – together we can save and change the lives of women, girls and babies, now and in generations to come.

Rayden Engineering Ltd is a family run Mechanical & Civil Engineering business which has been providing professional services to clients for over 40 years.

A long-standing supporter of The Guild, we specialise in the fabrication and build of high-pressure pipework systems - primarily for the oil, gas, petrochemical and water industries.

From small projects to large scale critical infrastructure and supply networks, we provide a complete turnkey, fully project managed service - from initial design phase to build, right through to reinstatement, handover, and aftercare.

We've built an enviable reputation across the industry for the quality and reliability of our work and the strength and depth of our people's skills and capability. Our core business focuses on the Pipeline Industries, but we serve a much broader range of sectors.

Working with some of the biggest names in the industry – from local small enterprise right up to global blue chips – we design, make, build, install and maintain some the nation's most critical infrastructure and supply networks.

Our fully accredited and highly experienced team has delivered hundreds of successful projects over the years, both nationally and overseas, including cross-country pipelines and diversions, hot-tap operations (welding & under-pressure drilling), AGI construction (all civil & mechanical works), custom inhouse fabrication with final installation and commission with any related civil works.
